As a confirmation candidate you will also write a letter to Bishop Russell. The purpose of this letter is to help the Bishop to get to know the confirmands before his arrival at the service. The letter also provides a way for the confirmands to show they have thought through their faith, and are able in their own words, explain their faith and why they want to be confirmed.

The letter do not need to be long, but they need to address the following topics,

1. Write a little about your faith journey and about your faith in Jesus Christ as your Savior.
2. Write about a mission trip you have taken or a ministry at your church, school or community in which you have been involved and why it has been meaningful to your life of faith.
3. Write about your on-going call to be a member of the Body of Christ - what new ministry will you do in your church, school or community, or what ongoing ministry will you continue.

Preferably, Bishop Russell should receive the letters ahead of time so we will collect them at the final class meeting and send them to the diocesan office.
